original awwl-big time wrestling. i am petitioning your office for closed captioning  
examption according to article 11 captioning expence in excess of 2% of gross  
revenue. no video programing provider shall be required to expend any money  
to caption any video programming is such expenditure would exceed 2%of  
the gross revenues received from that channel durring the previous calander

year. our gross billings last year was a total lost. no profit. as we pay to be on air.  
and also deal with bartering . therfore i am also requesting the uncle burden Exemtion .  
if that is correct in having to have close captioning .
